I acknowledge that SAS System software is copyrighted, proprietary work belonging to the SAS Institute, Cary, NC. I will not copy or permit copying of SAS software installed on my workstation; I will not give access to SAS System software installed on my workstation to anyone external to Purdue University; and I will return or destroy all copies of SAS System software in my possession when I cease to be an employee or student of Purdue University or if Purdue University discontinues its license of SAS System software.

I assume total responsibility for the workstation on this form and will cooperate with University personnel in the administration of Purdue's site license for the SAS System.

I agree not to take this workstation outside of the USA or Canada without first removing SAS System software from it.
